GENEALOGISTS' MAGAZINE

Index to Volume 19

March 1977 to December 1979

These indexes to persons and places have been prepared by the Editor with the kind help of our Member Miss Margaret Hudson. In order to assist users where appropriate the left-hand and right-hand columns of each page are distinguished by the suffixes 'a' or 'b' and multiple entries within any column by 'x' followed by the number of times (including the first) found.

Cross referencing has been generally avoided by repeating hyphenated and double surnames under each component with full references, and in order to save time otherwise wasted looking up unsuitable entries, the following descriptive abbreviations have been used:

BB Birth Brief
FH Family History
FHS Family History Society
LHS Local History Society
MI Monumental Inscriptions
ML Marriage Licences
NPR Non-Parochial Register
PR Parish Register

The other abbreviations used of forenames, counties, etc., are generally self-evident and follow the recommendations of Mr. R. F. Hunnisett in his *Indexing for Editors* (British Records Association, Archives and the User series No. 2, 1972). Those matters not falling under the headings of Persons or Places are entered in the combined Contents List and Subject Index.
